Treasury Report: \$148,222.45

New Business:

- *(Richard McGuire) mentioned the way Mutual Aid works*
- Companies call 911 to request equipment, 911 then notifies that right entity to respond
- They also have a long list of equipment that is available
- Companies are responsible for letting 911 know something should be taken off the list.
- LC Tower, because of FAA regulations the tower can only go up 350 feet, bids will be going out this week. Will have update at the next month meeting.

Risk Management Plan: (Greg Satterfield)

- *EPA came out with this RMP and LAIA created two groups with all industries in the parish*
- *Lyondellbasell took the lead of one of the groups*

Discuss what Lyondellbasell can do for LEPC: (Greg Satterfield)

- *If there is anything that is needed from Lyondellbasell, just let Greg know to better the committee and create a better relationship, no response or comments from the attendants in the meeting.*

that it is not in the scope of what LEPC can provide.

- Recommended that we don't authorize to spend this amount of money until our By Law committee has worked through rewriting the bylaws. Make sure everyone knows what their roles and responsibilities are.
